Hi Eric  
That's great, thanks for confirming. Do you know yet who will be attending from the EPA side?  
Best wishes  
Nathan

Hi Nathan,

I just wanted to let you know we are open and will have the meeting today as scheduled.

Thanks.

Hi Eric

10am EST on Thurs works well for us too – thank you for finding a slot for us at short notice! Let's hope the weather cooperates too.

From our side the attendees will be the same as in our Dec meeting, i.e. myself, Kevin Gorman, Brad Shurdut and Keith Matthews.

Best wishes  
Nathan

Nathan,

I currently have us on the calendar for 10 am EST Thursday. Also just a heads up, we are supposed to get a substantial winter storm all day Wednesday, so it is possible we will run into a delay or closure and not be able to meet at 10 am on Thursday. Therefore, I've also reserved a room for 1 pm EST on Monday in case we need to reschedule.

Please let me know if these times will not work for you and I will look at other times next week. If we have to cancel the Thursday time, I will let you know as soon as I am aware. Thanks.

Nathan,

Let me see what I can get on the calendar. I'll try for Thursday, because several people will be out this Friday. If I can't find a time for Thursday, I'll provide some options for early next week.

Thanks.

Hi Eric

Thank you very much for the feedback letter from the ETB team last week – it's been really helpful to us in preparing our EUP application for OX5034. We had a couple of things that were raised in the feedback letter that we'd like to discuss further with the ETB team, around the field trial protocol planning, to help us finalise the field protocol before submission.

Would it be possible to set up a call sometime this week to have this discussion? Thurs and Fri this week look good from the Oxitec scheduling side. If it's difficult to get everyone together, we'll only be wanting to discuss issues around the field protocol and how this relates to claims, in case that helps narrow down the list of attendees.

Best wishes  
Nathan

Hi Nathan,

It will not be ready today but I expect to have it this week. I'm out most of today.

Thanks.

Hi Eric

Hope you're doing well!

Just wanted to check if you'll have the feedback on our 18 Dec 2018 letter ready to share with us at some point today? I'm guessing it'll be in hard copy so I'm copying in Keith Matthews to help coordinate receipt of this.

Kind regards

Nathan
